

Philosophy and Vision

The philosophy of Little Dolphins Preschool centres around the integration of Christian faith and life. It embraces and encourages such values as respect and wonder, thankfulness and care for others and creation. The teachers are committed to providing an environment which nurtures the whole child (body, soul and spirit) to be all that he or she can be by the grace of God. An environment which strives for this will help to prepare the child for the many and varied school adventures ahead.

The vision of Delta Christian School / Little Dolphins Preschool is as follows:

We, at Delta Christian School, together with the home and church, seek to equip and nurture our children for a life of joyful Christian service based on God's word. We strive to create an environment in which each person can discover and celebrate his or her uniqueness and appreciate the gifts and needs of others. Our children are led to discover the wonders of God's creation, to develop a Christian perspective of life and to critically weigh the issues of the day. Recognizing our God-given responsibility, it is our purpose to train our children to serve God and neighbour, and to educate them to be faithful stewards of God's world.

Goals

The goals of Little Dolphins Preschool find expression through a playful approach to learning. These goals are:

- to help deepen each child's sense of self-worth and potential in a positive and developmentally appropriate learning environment;
- to reinforce the concept of a personal and loving God in reflection and prayer, storytelling, music and song, drama and creative movement;
- to encourage each child's creativity and intellectual giftedness through exposure to stimulating and enriching materials;
- to foster positive relationships with other children, family, teachers, and the rest of the community.
